§11–802.

On receipt of recommendations from the Maryland Digital Library Advisory Council the Commission may encourage each academic library at a public or private nonprofit institution of postsecondary education to:

- (1) Increase shared access to information of critical value in Internet-accessible electronic form and in library collections of books, journals, sound recordings, and other traditional forms of material;
- (2) Optimize effective use of funding in the acquisition and creation of digital resources;
- (3) Digitize unique collections in the academic library to create Internet and other on-line resources beneficial to elementary, secondary, and higher education;
- (4) Train librarians and staff to improve services in the information technology environment; and
- (5) Develop programs that support training library users to access Internet and electronic materials.
